FALMOUTH MASSACHUSETTS

CAPE COD'S HORTICULTURAL
SUPPLY HOUSE FOR 68 YEARS

Gardening on Cape Cod in 1954

Each season, with the building of new homes, a new group of enthusiastic gardeners are seeking for the best in lawn seeds, vegetable and flower seeds, fertilizers and insecticides.

Our lawn mixtures, formulated for Cape Cod conditions, will assure you of a good lawn if properly prepared, seeded and cared for. We also stock Scott's lawn products. Our vegetable and flower seeds are fresh and comply with requirements of the Massachusetts seed laws.

We stock fertilizers for every need, also peat moss and lime. In our garden shop you will find insecticides and fungicides for all requirements, also garden tools.

During the planting season we offer vegetable plants, giving promise of early vegetables, and of course an excellent choice of annuals and window box plants.

Our Cape Cod Nurseries provide you with a wide variety of trees, shrubs, vines, evergreens and hardy perennial plants, and competent men can advise in selection and planting.

Completing our horticultural service, the Landscape Department with its trained Landscape Architects can furnish plans and estimates for the small cottage or the large estate.
